

Ardwick Logistics — Supplier Onboarding Record

Supplier Onboarding Record

Complete every section before returning this record to the procurement team. Entries that are left blank will delay onboarding, which takes fifteen working days once a complete record is received.

Section 1 — Organisation

State the registered legal name of your organisation.

State the company registration number and the country of incorporation.

Give the trading address, and the registered address where it differs.

Name the individual who will act as the primary commercial contact.

Section 2 — Financial standing

State your annual turnover for the two most recent financial years.

Describe any material change in ownership during that period.

Confirm the payment terms your organisation is able to accept. Standard terms are sixty days from invoice date.

Section 3 — Capability

Describe the goods or services your organisation would supply under this agreement, and the volumes you can sustain in a normal quarter.

Identify the sites from which those goods or services would be delivered.

State the lead time you would commit to for a standard order.

Describe your escalation route when a committed lead time cannot be met.

Section 4 — Compliance

Confirm that your organisation holds current employers liability cover, and state the insured amount.

Describe how your organisation verifies the right to work of its staff.

Summarise your policy on subcontracting, and name any subcontractor you would expect to use on this account.

State whether your organisation has been subject to an enforcement action by a regulator in the last five years, and describe the circumstances.
